

**S2 EP6 Religious strongholds and the mental impact on society with Eniola Hu | Free to Believe**  
@Eniolahu | Youtube: <https://www.youtube.com/user/AnniversaryLady>

My special guest today is Eniola Hu. She is the founder and creator of the web series, Free to Believe; available on her Youtube Channel, Eniola Hu. On Free to Believe, Eniola empowers people by providing them with a platform to voice their own perspectives and beliefs on religion. Specifically people from places with deep cultural and heavy traditional backgrounds, who'd be otherwise persecuted for forming and expressing their own beliefs on religion outside of societal norms.

Thanks for listening 😊
